

One visit to this happening Buceras beachfront restaurant will tell you why owners Sidney Lecther and Enrique Cremaschi are naturals when it comes to the restaurant business. The place is not only absolutely charming but also very cool, with two bars and several intimate and casually sophisticated indoor-outdoor ambiances right on the water. And while the atmosphere is terrific, the food is even better, the wine list doing justice to it with whites and reds available by the glass. And when it comes to pastas, Mezzogiorno really shines, the lasagna with meat sauce, ricotta and mozzarella truly delicious, as is the grilled polenta with sun-dried tomatoes and wild mushrooms in a creamy sauce.

En una visita a este restaurante frente al mar en Buceras sabrás por qué los dueños Sidney Lecther y Enrique Cremaschi son expertos en el negocio de los restaurantes. Este lugar no es sólo absolutamente encantador sino muy de moda, con dos bares y varios ambientes íntimos y casualmente sofisticados en interiores y exteriores junto al mar. Junto a esta excelente atmósfera, la comida es aún mejor, y la lista de vinos le hace justicia con blancos y tintos disponibles por copeo. Cuando se trata de pastas, Mezzogiorno es realmente sobresaliente, la lasaña con salsa de carne, ricota y mozzarella es verdaderamente sabrosa, como la polenta horneada con salsa de crema, tomates deshidatados y hongos.
